*Abstract*

This descriptive research delved into the attitude towards NSTP/NROTC program among cadets and cadettes of JBLFMU-Molo, Inc. as well as to identify their perceived level of significance to the students. Gathering of the data was conducted last December 2007. Sources of data were the thirty randomly selected NSTP students of JBLFMU-Molo, Inc. for school year 2006-2007. Descriptive statistics used were means, and standard deviations. Inferential statistics used was Spearman rho set at .05 alpha level. The study found out that the cadettes and cadettes attitude towards NSTP/NROTC was "positive", whereas the students perceive level of significance of NSTP/NROTC program was "moderately significant". It was also revealed by the findings that
