*Abstract*

This research paper entitled "Level of Practice on Garbage Disposal of the College of Business Students in John B. Lacson Foundation Maritime University – Molo, Inc." was conducted at JBLFMU-Molo for the school year 2010-2011. This study aimed to determine the level of practice on garbage disposal of the College of Business students in John B. Lacson Foundation Maritime University-Molo Inc. The students of JBLFMU-Molo served as the respondents of this study, and the random sampling was used to determine the respondents. This study focused on the level of practices of the College of Business students. Respondents are grouped according to sex, course, and year level. A researchers – made questionnaire was used to gather the data needed. The data gathered were subjected to both descriptive and inferential data analysis. Results showed that the level of practices of the College of Business is "Fair". It further revealed that there is a significant difference in the level of practice on garbage disposal of the College of Business students in John B. Lacson Foundation Maritime University - Molo Inc. when they are grouped according to sex and course; there is no
