RYLAND PETERS & SMALL  
LONDON • NEW YORK

## Measurements

Both American standard and metric measurements have been used in this book. It is vital not to mix the two systems, as two measurements are not always exact equivalents.

### Note:

1 level teaspoon equals 5ml  
1 level tablespoon equals 15ml  
A cup equals 240ml  
A quart (U.S.) equals 1 liter

First published in 2016 by Dog 'n' Bone Books,
