Acknowledgement

The final outcome of this study required a lot of guidance and assistance from many people. This research paper is made possible through the help of people concerned. Researchers would like to thank the following people:

Elvira Delgado Ph.D., research adviser, subject specialist and statistician, for her comments, encouragement and suggestions that provided much in the completion of the study. Sharing her knowledge and help to analyze the data, for checking the grammar and its statistical computations. And last, by giving endless help to finish this research.

Ma. Elena J. Eleperia Ph.D., for giving us permission to do the survey inside the campus.

For our parents, for their moral and financial support and their help in valuable way.

For our friends, for their help and support for the success of this study.

Lastly, to Almighty God, for the strength, knowledge and blessings he showered.

Abstract

This descriptive research aimed to determine the factors of tardiness perceived by students of John B. Lacson Foundation Maritime University-Molo. Gathering of the data was conducted during school year 2017-2018. Sources of the data were randomly selected in Senior High Students. Descriptive statistics include frequency, percentage, mean and t-test. Inferential statistics used was person's set at 0.5 alpha levels. The study found out that the Senior High Students of JBLFMU-Molo were "Strongly Agree" of the causes of tardiness.
