Abstract

This descriptive survey research aimed at determining the Students' Transition from High School to College have 180 respondents who are students of JBLFMU- Molo Inc. The 180 respondents from first year and second year BSCSM students were made to answer a researcher-made questionnaire. The data gathered were analyzed using *t*-test. Findings revealed that as a whole, respondents have a significant transition from High School to College in their personal, social and academic aspects.
